Important Information Regarding Investments in UESP

Returns are based on a \$10,000 account balance for non-Utah residents and are net of all fees. Actual performance for Utah residents may be higher. These performance numbers are that of the investment options, not individual accounts. If you are not a Utah taxpayer, please see if the state where you or your beneficiary live or pay taxes offers a 529 plan that provides tax or other benefits not otherwise available to you through UESP.

Past performance does not guarantee future results. The value of your UESP account may vary depending on market conditions and the performance of the investment option you select. It could be more or less than the amount you contribute; in short, your investment could lose value.

Except for the underlying investment in the FDIC-insured savings account held in trust by UESP at Zions First National Bank (Bank), investments in UESP are not insured by the Federal Deposit Insurance Corporation (FDIC). Subject to the application of Bank and FDIC rules and regulations to each account owner, investments in the FDIC-insured savings account will retain their value, whether in Option 11 or when allocated to portions of Options 2, 7, 8, and 9. Funds in the savings account are insured by the FDIC on a pass-through basis to each account owner up to the maximum amount set by federal law—currently \$250,000 through December 31, 2009, and \$100,000 thereafter. The amount of FDIC insurance provided to an account owner is based on the total of (1) the value of an account owner's investments in UESP's FDIC-insured savings account plus (2) the value of other accounts held (if any) at the Bank, as determined by the Bank and by FDIC regulations.

¹ UESP quarterly reporting periods end each March 31, June 30, September 30, and December 31.

² Year-to-date calculations are based on a calendar year; January 1 to the current month end date.

³ Average Annual Return for the trailing 12 months, 36 months, and 60 months.

⁴ UESP will reallocate the funds to the College Enrolled investment bracket on age-based accounts when a qualified disbursement request is submitted by the account owner indicating that the beneficiary is enrolled in an eligible educational institution.

⁵ Public Treasurer's Investment Fund (PTIF) is a pool of money managed by the Utah State Treasurer in short-term investments.
